

# Your own weather diary

Find the information you need to fill in the boxes for today's weather.

Make sure you write the date too.

Fill in your weather diary for five days to complete it.

| Day       | Date | Temperature<br>°C | Rainfall<br>mm | Wind speed<br>mph | Weather |
|-----------|------|-------------------|----------------|-------------------|---------|
| Monday    |      |                   |                |                   |         |
| Tuesday   |      |                   |                |                   |         |
| Wednesday |      |                   |                |                   |         |
| Thursday  |      |                   |                |                   |         |
| Friday    |      |                   |                |                   |         |

When you have completed your diary answer the following questions.

1. Did it rain on Thursday?

---

2. Which was the warmest day of the week?

---

3. Which was the windiest day of the week?

---

4. Which was the best day for playing outside?

---
