Shelton, N and Kneale, J. (2010-) A new study funded by the Medical Research Council and University College London is looking at ways of improving the accuracy of measuring alcohol consumption and how home measures and public drinking estimates differ; a second new study funded by the Alcohol Education Research Council (AERC) and University College London (UCL) is looking at the reasons behind decreasing alcohol consumption in young people. Please contact Dr Nicola Shelton for further details at [n.shelton@ucl.ac.uk](mailto:n.shelton@ucl.ac.uk)
