## Summary of Group News Report on New India

For each section of your news report you need to show what you have learnt. This information will come from discussing your work within your team. It is **essential** that you write in your own words in as much detail as possible. It is what you write here that will mainly show the level of work that you are working towards.

- a) Location of India on a World map which links to a detailed hand drawn map that locates India's main physical and human features.
- b) Detailed description, explanation and analysis of interconnections between people in India, and the wider world (include The United Kingdom).
- c) Detailed description, explanation and analysis of India's physical Geography at a variety of scales (national, regional and local). You should cover India's relief, tectonic processes, and climatic features.
- d) Detailed description, explanation and analysis of India's human Geography at a variety of scales (national, regional and local). You should cover India's population, settlements, trade, technological advancements, and medical care. You should show where there are inequalities and **give reasons** for how different kinds of rights need to be protected, supported and balanced.
- e) Detailed description and explanation as to how human and physical interactions create diversity at different scales (national, regional and local). You should cover religions, beliefs, values, cultures, and customs. You need to show an **understanding of** the complexity of identities and diversity in groups and communities. You should show where there are inequalities and **give reasons** for how different kinds of rights need to be protected, supported and balanced.
- f) **Give reasons as to how India is responsible** for the impact of some of the changes in the global community. You **consider** where there are inequalities and **give reasons** for how different kinds of rights need to be protected, supported and balanced.
- g) How well working in a team has worked.

Finally..... to help with your Citizenship level .....

Produce an extended piece of writing that shows what you have learnt about India and how this has made you reflect on your life in the United Kingdom. For example you could write about:

How is your life directly linked to India?

How is the UK physical Geography different? - climate, tectonic processes ...

How is our human Geography different? Population, settlement, trade, wealth....

How our culture is different? Language, religion, beliefs, values .....

How is your life different?

What rights do you have that children in India do not have?

Remember to start with a title, then have an introduction and finish with a conclusion!
